

Set up the **Expand 2000** wherever your customers are! Our most popular Expand system, the Expand 2000 is particularly attractive thanks to its display area of almost 6 square metres, giving your message a maximum impression in any environment. The big advantage of the Expand 2000 is its huge flexibility and simplicity. It is available in both curved and straight varieties and in various sizes. No additional tools are required to set it up; a few simple steps are all that's needed. The Expand 2000 is an effective tool for reaching your customers at any time and at any place. The Expand 2000 can be set up in less than 10 minutes without the need for any additional tools! The Expand 2000 can be carried in the plastic Podium Box which is extremely versatile, adapted for the whole apparatus including graphics and all accessories. Quality wheels allow for comfortable manipulation. A big advantage of the box is that it can be converted into a practical display table.
