

Advertising stand POPUP 1

Set up the **POPUP1 advertising wall** wherever your customers are! Our most popular advertising wall, the POPUP1 is particularly attractive thanks to its display area of almost 6 square metres, giving your message a maximum impression in any environment. The big advantage of the POPUP1 advertising wall is its huge flexibility and simplicity. It is available in both curved and straight varieties and in various sizes. No additional tools are required to set it up; a few simple steps are all that's needed. The POPUP1 advertising wall is an effective tool for reaching your customers at any time and at any place. The POPUP1 advertising wall can be set up in less than 10 minutes without the need for any additional tools! Included with the POPUP1 advertising wall is a transport box which is extremely versatile, adapted for the whole apparatus including graphics and all accessories. Quality wheels allow for comfortable manipulation. A big advantage of the box is that it can be converted into a practical display table. The set is completed with 2 lighting fixtures which fit into a special pouch in the transport container. The graphic banners are not a part of the system, but they can be ordered under the G5 graphics banner name.
